"Pada saya, yang pentingnya apabila kita bercakap mengenai integriti, ia mestilah bermula dari rumah ataupun keluarga. Semasa kecil lagi, anak-anak mesti diajar jangan berbohong, diajar beramanah, diajar berdisiplin mengikut peraturan, diajar kasih sayang, diajar tolong-menolong, diajar bantu-membantu, dan diajar mengenai nilai-nilai lain yang boleh membina sahsiah mereka."

"To me, when we mention integrity, the most important thing is that it must start from the home or the family itself. From a tender age, children must be taught not to lie, to be trustworthy, to be disciplined and to follow the rules; taught to love, to help and to assist others, and also taught other values that will build their personality."

Perutusan Pengerusi *Chairman's Statement*

.....
Assalamu'alaikum dan salam sejahtera,

Pelaksanaan Pelan Integriti Nasional (PIN) telah memasuki tahun keempat semenjak pelancarannya pada 23 April 2004. Pelbagai program dan aktiviti yang melibatkan pelbagai sektor masyarakat telah dapat dilaksanakan bagi menterjemahkan pelan tindakan kepada aplikasi sebenar pelaksanaannya. Walau bagaimana pun, *output* dan *outcome* atau hasil sebenar pelaksanaan usaha membudayakan integriti masyarakat Malaysia melalui PIN khususnya, dan pelbagai pendekatan serta gerakan lain sememangnya memerlukan suatu jangka masa yang panjang. Objektif umum PIN memperjelaskan bahawa usaha dan kesepaduan agenda integriti nasional ini adalah bagi memperkuuh wadah dan gagasan oleh kepimpinan negara dan masyarakat, dengan sinergi semua pihak bagi merealisasikan cabaran keempat Wawasan 2020 iaitu "membentuk sebuah masyarakat yang kukuh ciri-ciri moral dan etikanya, dengan para warganya mempunyai nilai keagamaan dan kerohanian yang utuh, dan ditunjangi oleh budi pekerti yang luhur."

Integriti menjadi perbualan dan perbincangan masyarakat dalam pelbagai aspek. Bermula dengan integriti individu, kepada integriti pekerjaan dan pelaksanaan tugas, integriti organisasi dan institusi, integriti kepimpinan yang dapat menzahirkan contoh teladan yang baik, hingga kepada integriti persekitaran kehidupan yang selamat dan sejahtera, dengan kedamaian, perpaduan dan keharmonian. Pembudayaan integriti dan pelaksanaannya melalui PIN oleh semua lapisan kepimpinan dan masyarakat daripada akar umbi hingga ke peringkat tertinggi merupakan suatu gerakan yang bersifat holistik dan mempunyai kekuatannya tersendiri.

Assalamu'alaikum and greetings,

The implementation of the National Integrity Plan (PIN) is moving into its fourth year since its launch on the 23rd of April 2004. Various programmes and activities involving different sectors of society have been implemented in order to translate the action plan into practical applications. In any event, output and outcome or the actual effects of the implementation of efforts towards the enculturation of integrity in Malaysian society, specifically through the PIN, and the various approaches and moves most certainly need a longer time frame. The PIN's general objective clarifies that the efforts and the unity of the national integrity agenda is to strengthen the platform and ideas of the nation's leadership and society, with a synergy amongst all parties to realize the fourth challenge of VISION 2020 which is "forming a society with strong morals and ethics, and firm religious and spiritual values, supported by a noble character".

Integrity is the talk and discussion point for society from many aspects. Starting with individual integrity, to integrity in the workplace and in carrying out tasks, integrity of organizations and institutions, integrity in leadership which will set a good example; right up to the integrity of a safe and prosperous environment, filled with peace, unity and harmony.

Enculturation of integrity and its implementation via the PIN by all levels of the leadership and society from the grassroots to the highest levels is a holistic movement possessing its own strengths. The strong cooperation between all parties makes the national integrity agenda a mover of society towards realizing noble intentions and commitments.

Penjalinan kekuatan pelbagai pihak menjadikan agenda integriti nasional sebagai suatu dinamisme masyarakat ke arah merealisasikan azam dan iltizam yang murni.

Negara Malaysia yang kita cintai ini telah menyaksikan pelbagai perubahan dan kemajuan. Pencapaian kemerdekaan semenjak lebih 50 tahun lalu memperlihatkan negara tetap gagah dalam mengharungi pelbagai dimensi cabaran dan persaingan, serta gelombang globalisasi dan dunia tanpa sempadan. Justeru, apa yang lebih utama adalah bagi mempertingkatkan daya saing pembangunan negara dan menjadikan kita tetap relevan dan kompetitif. Semua ini akan terus diperoleh dan dinikmati dengan bertunjangkan kepada aspek nilai, etika dan integriti.

PIN sebagai suatu dokumen yang bersifat dinamik, perancangan dan pelaksanaannya secara berkesan memerlukan sokongan dan sinergi semua pihak secara aktif dan proaktif. Pelaksanaannya oleh setiap diri kita dengan kefahaman, penghayatan dan kesedaran, ditambah dengan niat yang suci dan keikhlasan hati bagi menjayakannya akan melonjakkan modal insan yang memiliki towering personality atau personaliti memuncak. Modal insan inilah yang akan mendukung dan menjadi peneraju kepimpinan dalam institusi keluarga, masyarakat, pelbagai pertubuhan, institusi dan organisasi, serta menjadi role model ke arah pembentukan keperibadian mulia dan berintegriti.

IIM sebagai penggerak, pemantau dan bersama semua sektor masyarakat adalah sebagai pelaksana agenda integriti nasional. Walau pun saingan dan cabaran ke arah merealisasikan gagasan murni

Our beloved country Malaysia has seen many changes and development. Achievements since independence 50 years ago, portray a nation standing strong in the face of multidimensional challenges and competition, the wave of globalization and a borderless world. Consequently, what is more important is to increase the developmental pace of the nation to ensure we remain relevant and competitive. All this will continue to be achieved and enjoyed, when supported by values, ethics and integrity.

As a document which is dynamic, the planning and the implementation of the NIP needs the support and the synergy of all parties in both an active and proactive manner. Its implementation by each one of us, with understanding, appreciation and awareness, reinforced by noble intentions and the sincerity to make it succeed will boost the human capital possessing towering personalities. This human capital will support and helm the leadership of the family institutions, the society, the various bodies, institutions and organizations, and be the role model towards the formation of a personality with honor and integrity.

IIM, as the mover, the monitor and a presence felt within all sectors of society, is the executor of the national integrity agenda. Despite the huge competition and challenge towards realizing the noble idea of the enculturation of integrity in Malaysian society; with the determination and the commitment of the leadership, cooperation through the smart sharing concept, the formation of cooperative agreements between IIM with the various agencies and institutions, and the existence of an integrity network, the full support, constantly reinforced and needed, will

membudayakan integriti masyarakat Malaysia adalah amat besar, namun dengan azam dan iltizam kepimpinan negara, kerjasama melalui konsep perkongsian pintar, pembentukan perjanjian persefahaman antara IIM dengan pelbagai agensi dan institusi, serta pewujudan rangkaian integriti, merupakan sokongan padu yang diperlukan dan sentiasa diperkuuhkan. Penubuhan IIM dan pelancaran PIN di Malaysia juga telah menarik perhatian banyak pihak di peringkat antarabangsa. IIM khususnya dan negara amnya berasa bangga apabila PIN dan IIM menjadi antara bahan kajian dan tempat lawatan pelawat antarabangsa yang ingin belajar daripada pengalaman Malaysia dalam gerakan integriti.

Justeru itu, dalam kesempatan ini, saya ingin merakamkan ucapan penghargaan dan terima kasih kepada semua Ahli Lembaga Pengarah, Ahli-ahli IIM, pihak Pengurusan dan warga kerja IIM, serta rakan-rakan IIM yang terlibat sama ada secara langsung atau tidak langsung dalam menjayakan pelaksanaan PIN. Sesungguhnya, pelaksanaan PIN secara bersistematis, bersepadau dan berterusan menjadi pendorong terbesar ke arah pencapaian matlamat agenda integriti nasional. InsyaAllah, Malaysia sebagai bumi bertuah ini akan bertambah makmur, aman damai dan sejahtera.

remain available. The establishment and launch of the PIN in Malaysia has also attracted the attention of many parties on the international scene. IIM and the country in general, feels proud when the PIN and the IIM become the object of study and the destination of international delegates who want to learn from the integrity movement in Malaysia.

In view of that, I would like to take this chance to record my appreciation and thanks to all members of the Board of Directors, IIM members, the Management and staff of the IIM and also the friends of IIM who are involved directly or indirectly in ensuring success in the implementation of the PIN.

The implementation of the PIN in a systematic, integrated and consistent manner is the greatest impetus towards achieving the goals of the national integrity agenda. InsyaAllah, Malaysia as a land that is blessed, will continue to flourish in peace and prosperity.

"Keinginan untuk berubah mestilah ditanamkan dalam minda setiap warga Malaysia yang bertuah ini, kerana lonjakan integriti akan menjadikan negara terus berdaya saing dan dihormati pada kaca mata dunia."

"The desire to change must be inculcated in the minds of every Malaysian citizen on this blessed soil, because a leap in integrity will make the country competitive and respected in the eyes of the world."

Laporan Presiden

President's Statement

.....
Dengan Nama ALLAH yang Maha Pengasih lagi Maha Penyayang.

Terlebih dahulu saya ingin memanjatkan kesyukuran ke hadrat Ilahi kerana kita dapat bersua dalam satu lagi edisi Laporan Tahunan Institut Integriti Malaysia (IIM). Laporan Tahunan edisi keempat ini memperkenan segala bentuk aktiviti yang dijalankan oleh IIM sepanjang 2007, selain daripada laporan kewangan IIM bagi tahun yang sama.

Bagi pihak IIM, suacita saya ingin memaklumkan di sini bahawa pelbagai aktiviti telah dirangka dan dilaksanakan sepanjang 2007 hanya dengan satu tujuan, iaitu untuk membudayakan integriti di kalangan rakyat negara ini. Pelaksanaan ini adalah selari dengan apa yang digariskan dalam Pelan Integriti Nasional (PIN) yang dilancarkan pada 23 April 2004.

Setiap aktiviti yang dijalankan oleh IIM ini adalah bertujuan untuk memantapkan proses pembudayaan integriti kepada setiap golongan yang terlibat. Program yang dirangka melibatkan seluruh lapisan masyarakat daripada pelbagai peringkat umur dan keturunan. Ia juga dirangka dengan begitu rapi bagi memastikan keberkesanannya kepada golongan sasaran bagi tujuan menghayati PIN.

Ini adalah kerana penghayatan kepada PIN dan nilai-nilai integriti pada diri setiap individu akan membantu negara mencapai Wawasan 2020, bagi menjadikan Malaysia sebuah negara yang maju menurut acuan sendiri. Nilai-nilai integriti dan etika yang disemai pada setiap lapisan masyarakat juga akan membolehkan negara mengharungi segala

In the Name of ALLAH, the Most Beneficent and the Most Merciful.

I would first like to thank Allah for the opportunity for us to meet again in another edition of the Malaysian Institute of Integrity Annual Report. The fourth edition of the Annual Report exhibits all the activities conducted by IIM all throughout 2007, other than the financial reports for IIM for the same year.

On behalf of IIM, I am pleased to inform you that many activities have been outlined and implemented throughout 2007 with the sole aim of the enculturation of integrity amongst the people of this country. The implementation is in line with what was outlined in the National Integrity Plan (PIN) launched on the 23rd of April 2004.

Each activity undertaken by IIM serves to further strengthen the process of enculturation of integrity within each group. The programmes outlined involve all levels of society from all age groups and descent. It was also outlined very carefully to ensure its impact on the target groups, for the purpose of fully appreciating the PIN.

This is because a full appreciation of the PIN and the integrity values in each individual will help assist the nation to achieve Vision 2020, making Malaysia a developed country in its own mould. Integrity and ethical values sown within each level of society will enable the country to withstand all challenges especially in the globalization era which promises extreme competition.

cabaran yang mendarang, terutamanya dalam era globalisasi yang menjanjikan persaingan yang amat sengit ini.

Kewujudan IIM sebagai agensi pelaksana PIN semakin mendapat perhatian daripada pelbagai pihak. Permintaan yang meningkat terhadap program-program berunsur integriti membuktikan bahawa pelan ini amat diyakini oleh masyarakat, baik dari peringkat korporat, pusat-pusat pengajian tinggi, agensi kerajaan seperti Polis Diraja Malaysia, Jabatan Pengangkutan Jalan Malaysia dan Kastam Diraja Malaysia. Pihak swasta juga tidak mahu ketinggalan dalam usaha murni ini seperti yang ditunjukkan oleh Gabungan Dewan Perniagaan dan Perindustrian China Malaysia, MIMOS Berhad, Suruhanjaya Komunikasi dan Multimedia Malaysia, dan beberapa agensi lagi yang telah menjalin kerjasama dengan IIM.

Integriti juga perlu ditanamkan pada peringkat akar umbi dalam masyarakat yang melibatkan anggota Jawatankuasa Kemajuan dan Keselamatan Kampung, pelajar universiti, sekolah menengah dan juga sekolah rendah. Program yang bersesuaian telah diaturkan bagi mendekati setiap golongan ini. Pada peringkat nasional, IIM turut menganjurkan Konvensyen Integriti Nasional (KIN) pada 6 September 2007 dan Hari Integriti Nasional pada 5 November lalu, bagi membolehkan idea-idea dikongsi dan dicetuskan bersama untuk dimajukan kepada pihak berwajib. Sebanyak 21 resolusi telah terhasil daripada KIN dan IIM kini sedang bekerjasama dengan pelbagai agensi bagi menterjemahkan resolusi berkenaan dalam bentuk tindakan yang sewajarnya.

The existence of IIM as an implementing agency of the PIN is getting more attention from all parties. Increasing demand for integrity based programmes prove that society, from the corporate level, to the institutions of higher learning, and government agencies like the Royal Malaysian Police, the Road Transport Department and the Royal Malaysian Customs, have the utmost faith in this plan.

The private sector also do not want to be left out of this noble effort as shown by the Associated Chinese Chambers of Commerce and Industry of Malaysia, MIMOS Berhad, Malaysian Communications and Multimedia Commission and a few other agencies which have forged relationships with IIM.

Integrity also needs to be inculcated at the grassroots level in society, involving the Village Safety and Development Committee, university, high school and primary school students. Suitable programmes were arranged to approach each of these groups.

On the national level, IIM also organized the National Integrity Convention (KIN) on the 6th of September 2007 and the National Integrity Day on the 5th of November last year, to enable ideas to be shared and generated together, to be forwarded to the respective parties. As many as 21 resolutions were produced by the KIN, and IIM is now cooperating with the various agencies to translate these resolutions into suitable actions.

The establishment of the State Institute of Integrity (IIIN) in 2006 is starting to have an impact and

Penubuhan Institut Integriti Negeri (IIN) pada 2006 mula memberikan impak dan melahirkan sinergi hasil kerjasama erat yang dihulurkan kepada IIM, sekali gus melancarkan aktiviti yang dijalankan di seluruh pelosok tanah air. Malahan, beberapa buah IIN sudah mula mengorak langkah proaktif dengan menganjurkan program tersendiri bagi menjayakan matlamat PIN di negeri masing-masing. Tahniah saya ucapan dan adalah menjadi harapan IIM supaya usaha ini dapat terus dipergiatkan dan ditambah baik dari semasa ke semasa.

Namun begitu, IIM percaya masih banyak ruang penambahbaikan untuk diterokai oleh semua pihak, baik sektor awam, swasta, masyarakat umum, dan khasnya individu itu sendiri. Keinginan untuk berubah mestilah ditanamkan dalam minda setiap warga Malaysia yang bertuah ini, kerana lonjakan integriti akan menjadikan negara terus berdaya saing dan dihormati di mata dunia.

Terima kasih diucapkan kepada seluruh kepimpinan negara yang diterajui oleh Perdana Menteri Y.A.B. Dato'Seri Abdullah Haji Ahmad Badawi, kerana terus memberikan sokongan yang padu terhadap usaha pemantapan integriti yang dilaksanakan oleh IIM, IIN dan agensi-agensi awam dan swasta yang lain. Mudah-mudahan usaha murni oleh semua pihak dalam membudayakan integriti ini akan mendapat keredaan dari Allah SWT dan menjadikan Malaysia sebuah negara yang sentiasa diberkati.

producing synergy as a result of the close cooperation given to IIM, thus simultaneously launching activities conducted throughout the country. A few IINs have even started to take proactive steps by organizing their own programmes to achieve the PIN goals in their own respective states. I would like to congratulate you, and it is the hope of IIM that these efforts will be boosted and improved from time to time.

Even then, IIM still believes that there is a lot of space for improvement to be explored by all parties; whether it is the public sector, private, the society in general, and the individual in particular.

The desire to change must be inculcated in the minds of every Malaysian citizen on this blessed soil, because a leap in integrity will make the country competitive and respected in the eyes of the world.

I would like to thank the leadership of the country, helmed by Y.A.B. Dato' Seri Abdullah Haji Ahmad Badawi, Prime Minister of Malaysia, for their firm support towards integrity strengthening efforts implemented by IIM, IIN and other private and public agencies. May the noble efforts of all parties towards the enculturation of integrity receive the acceptance of Allah SWT and make Malaysia a truly blessed nation.

DATUK DR. MOHD TAP BIN SALLEH

Kursus tiga hari ini bertujuan untuk meningkatkan kefahaman, penghayatan integriti dan membincangkan isu berkaitan integriti di kalangan penjawat awam. IIM PROGRAMMES AND ACTIVITIES IN 2007

In 2007, activities at the Malaysian Institute of Integrity (IIM) were conducted by all the sectors; Public, Private, Socio-cultural and Political Sectors. These sectors were assisted by the various units, such as the ICT, Administration and Financial units, as well as the Bestari Resource Center. The Corporate and Coordination unit became part of the family since its inception on the 1 July 2007. This report shows the activities conducted by each sector and unit according to the functions entrusted to them.

PUBLIC SECTOR

Briefings and Talks on Integrity

Throughout this year, the Public Sector increased its activities and programmes tremendously to promote awareness amongst public office bearers about integrity, the National Integrity Plan (PIN) and IIM. With the help of officers from the various sectors in IIM, State Institutes of Integrity (IIN) and government agencies, the Public Sector gave an average of over 30 briefings and talks per month. During the year, 374 requests for briefings and talks were fulfilled, involving 39,306 participants from various government agencies.

Courses and Workshops

In line with the recommendations of the Special Cabinet Committee on Government Management Integrity (JKKMKPK), the Public Sector, with the help of content specialists from the various ministries, departments and training institutes, drafted a course module called "Integrity Development for Organisation and Individual" (PIOB). The purpose of this three-day course is to increase the understanding and appreciation of integrity and to discuss issues related to integrity amongst public office bearers. Up to 21 course sessions (4 with the help of the Socio-cultural Sector) were conducted from April 2007 involving 340 participants from various government

orang peserta dari pelbagai agensi kerajaan. Sektor Awam juga terus terlibat dalam membantu agensi lain untuk memberikan khidmat nasihat, membentuk, mengendali dan memberikan input kepada kursus integriti yang dilaksanakan oleh agensi kerajaan.

Penganjuran Seminar

IIM menyedari peri pentingnya individu dijadikan sasaran program pemantapan integriti di peringkat awal, seperti kata pepatah "melentur buluh biarlah dari rebungnya". Oleh itu amat wajar sekali para pelajar dijadikan sasaran utama. Walau bagaimanapun, memandangkan kekangan tenaga yang terhad berbanding bilangan pelajar yang begitu ramai, Sektor Awam dengan kerjasama Kementerian Pelajaran Malaysia (KPM) telah menganjurkan Seminar Integriti Untuk Warga Pendidik. Program ini bermatlamat serampang dua mata, iaitu untuk meningkatkan kefahaman di kalangan seramai mungkin warga pendidik dengan harapan mereka ini akan menjadi agen atau duta integriti di kalangan pelajar. IIM menasarkan seribu peserta bagi setiap sesi dengan pesertanya terdiri daripada pengetua, guru besar, guru kaunseling, guru agama dan guru pendidikan moral. Sepanjang 2007 sebanyak 17 seminar telah diadakan melibatkan semua negeri, kecuali Pulau Pinang. Daripada 13,184 warga pendidik yang menghadiri seminar ini, dianggarkan 1.3 juta pelajar akan didedahkan kepada integriti dan PIN sekiranya setiap guru berkenaan dapat menyebarluaskan kefahaman beliau kepada 100 pelajar. Angka ini adalah masih jauh berbanding jumlah keseluruhan

agencies. The Public Sector was also directly involved in assisting the other agencies to give advice, shape, manage and provide input for the integrity courses conducted by the government agencies.

Organizing Seminars

IIM realises the importance of inculcating integrity in the individuals in the early stages with suitable programmes. As the saying goes, "strike the iron while it's hot", meaning, "start cultivating good values at an early age". It is thus very apt that students are chosen as the primary target. Even then, in view of the manpower constraints in relation to the high number of students, the Public Sector, with the cooperation of the Ministry of Education, Malaysia (KPM), organized an Integrity Seminar for the Education Fraternity. This programme had a two-pronged aim, which was to increase understanding amongst as many teachers within the education fraternity as possible, with the hope that they will become agents or ambassadors of integrity to the students. IIM targeted one thousand participants for every session, with participants consisting of principals, headmasters, counselors, religious teachers and moral studies teachers. In 2007, 17 seminars involving all states except Pulau Pinang were held. From the 13,184 teachers who attended this seminar, it is estimated that 1.3 million students will be exposed to integrity and the NIP if each teacher spreads his or her knowledge to 100 students. This figure remains small compared to the total number

pelajar peringkat rendah, menengah dan pra universiti yang dianggarkan berjumlah melebihi 5 juta orang dan lebih 300,000 pendidik yang ada.

Ceramah Integriti Kepada Pelajar Baru IPTA dan IPTS

Bagi memberikan kesedaran tentang kepentingan integriti dalam seluruh aspek kehidupan, pelajar baru yang memasuki sesi pengajian pada bulan Disember/Januari 2007 dan Jun/Julai 2007 diberikan taklimat selama dua jam mengenai Prinsip & Falsafah Pelan Integriti Nasional. Bagi tahun 2007, seramai 19,957 responden telah dipilih untuk kajian ini. Keputusan indeks berkenaan dijangka akan dibentangkan kepada Jawatankuasa Kabinet Mengenai Keutuhan Pengurusan Kerajaan pada pertengahan tahun 2008. Selain daripada kajian tahunan ini, Sektor Sosiobudaya turut menjalankan kajian mengenai ‘Keberkesanan Perlaksanaan Pelan Integriti Nasional’ melalui perunding daripada Universiti Pendidikan Sultan Idris (UPSI), Tanjung Malim. Hasil kajian ini dijadikan rujukan IIM untuk mengkaji semula keberkesanan pelan tindakan dan gerak kerja yang telah dilaksanakan bagi mencapai matlamat PIN.

National Integrity Perception Index Study 2007

For the third time, IIM, with the cooperation of the Malaysian Statistical Department conducted a National Integrity Perception Index (IPIN) to measure the perception on integrity by Malaysian society. For the year 2007, 19,957 respondents were selected for this study. The index results are expected to be presented to the JKKMKPK in mid-2008. Other than this yearly study, the Socio-cultural Sector also conducted a study on “The Effectiveness of the Implementation of the National Integrity Plan” by engaging consultants from Universiti Pendidikan Sultan Idris (UPSI), Tanjung Malim. This study serves as a reference for IIM to reexamine the effectiveness of action plans and activities carried out to achieve the goals of the NIP.

CSR Rebung 2007 di MRSM Alor Gajah, Melaka

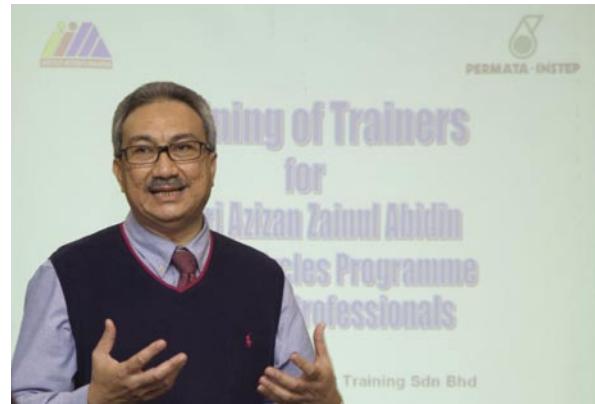

Projek CSR Rebung 2006 yang diadakan pertama kali di IIM telah diberi nafas baru pada tahun 2007 dengan kerjasama Bahagian Pelajaran Menengah MARA. Program yang melibatkan pelajar Maktab Rendah Sains Mara (MRSM) ini telah diolah semula dengan menggunakan terma rujukan yang dihasilkan oleh Bursa Malaysia Berhad. Program yang pada asalnya dua hari ini dilanjutkan selama sehari dan dipenuhi dengan aktiviti ceramah, kreatif, kerja lapangan berunsurkan gotong-royong, latihan jasmani dan ‘team-building’. Program ini menggunakan metodologi pengukuran jati diri, *esprit de corps*, yang menekankan elemen ‘*intrinsic* dan *extrinsic*’ iaitu hubungan pengaruh luaran serta dalaman. Selari dengan PIN dan Wawasan 2020, peserta program ini diharap dapat membangunkan sendiri pelan tindakan carta integriti melalui pemahaman, komitmen dan pengalaman yang mereka timba. Program kali ini telah mengambil fokus empat dasar utama tanggungjawab sosial korporat iaitu sosial (kerja lapangan membuat kaji selidik di persekitaran Alor Gajah dan perkampungan orang asli), alam sekitar (lawatan dan gotong royong di Pusat Penyelidikan Penyu Padang Kamunting dan Tanjung Dahan), ekonomi (taklimat daripada wakil HONDA dan latihan “mind-mapping”) dan daya kreatif (persembahan akhir berbentuk pertunjukkan boneka, puisi, drama, nyanyian dan sketsa). Penambahbaikan modul ini akan diteruskan dengan mengambil kira isu-isu semasa yang terkini dan relevan supaya ia kekal

CSR Rebung 2007 at MRSM Alor Gajah, Melaka

The CSR Rebung 2006 project which was held for the first time in IIM was given new life in 2007 with the cooperation of MARA's Secondary School Division. The programme which involved Maktab Rendah Sains Mara (MRSM) students was rewritten using terms of reference produced by Bursa Malaysia Berhad. The originally two day programme was extended for another day and filled with activities such as talks, creative programmes, field work related to cooperation, physical exercise and ‘team building’. The programme used the identity strengthening methodology, *esprit de corps*, which stressed the ‘*intrinsic*’ and ‘*extrinsic*’, which is the relationship between outer and inner influences. In line with the NIP and Vision 2020, the programme participants hoped to develop their own integrity action plan chart through the understanding, commitment and experiences gained. The programme this time, focused on four main foundations of corporate social responsibility; the social aspect (field work conducting studies around Alor Gajah and orang asli villages), the environment (visit to and ‘gotong royong’ at the Padang Kamunting Turtle Research Centre and Tanjung Dahan), the economy (talk by HONDA representatives and mind-mapping training) and creativity (final show featuring puppet shows, poetry, drama, singing and sketches). Improvements on this module will continue by taking into account the latest and most relevant issues so that it will stay dynamic and change according to current needs. This time around, this programme was attended by 401 student leaders chosen from each MRSM. Only

dinamik dan berubah mengikut keperluan semasa. Program kali ini disertai oleh 401 pemimpin pelajar cemerlang yang terpilih dari setiap MRSM. Hanya 12 penuntut sahaja dari setiap 32 buah MRSM yang mendapat tempat untuk hadir ke program tersebut. Selari dengan objektif mendekatkan jurang di antara generasi dan mengeratkan pertalian di antara ahli-ahli keluarga IIM, dua kumpulan duta muda IIM turut terbabit sebagai fasilitator. Mereka ialah wakil alumni Tan Sri Zainol Abidin Integrity Circle (TSAZAIC) dan Integrity Business Club (IBC).

Integrity Business Club

Program IBC yang direka khas untuk pelajar Institut Pengajian Tinggi Swasta (IPTS) diteruskan pada tahun 2007. Selain dari pembabitan aktif ahli-ahli IBC dalam program CSR Rebung, program IBC 2007 ini bertujuan untuk meningkatkan lagi kemahiran dan kematangan mereka sebagai duta integriti. Setelah berjaya melalui program Rali Integriti Profesional di Kepala Batas dan menjadi fasilitator kepada peserta CSR Rebung, IIM berusaha untuk melatih peserta IBC dari segi pentadbiran menerusi program "internship" untuk tahun 2007. Dua program IBC yang diadakan sepanjang 2007:

- (i) Pelancaran IBC di University Nottingham, Malaysian Campus

University of Nottingham Malaysian Campus (Nottingham University Business School (NUBC)) merealisasikan PIN dengan menubuhkan IBC pada 14 November 2007. Institut ini merupakan institusi pengajian

12 students from each of the 32 MRSMs were given the opportunity to attend the programme. In line with the objectives of reducing the gap between generations and strengthening ties between IIM family members, two groups from the IIM young ambassadors groups were also involved as facilitators. There were alumni representatives of Tan Sri Zainol Abidin Integrity Circle (TSAZAIC) and the Integrity Business Club (IBC).

Integrity Business Club

IBC programmes specially designed for students of Private Institutes of Higher Learning (IPTS) were continued in 2007. Other than the active participation of IBC members in the CSR Rebung, the IBC 2007 programme was aimed at increasing their skills and maturity as Ambassadors of Integrity. After succeeding through the Professional Integrity Rally in Kepala Batas and becoming facilitators for CSR Rebung, IIM is striving to train IBC participants in administration through "internship" programmes for 2007. Two IBC programmes were held throughout 2007.

The main objective of the IBC trainee programme is to make the participant well-versed with the corporate governance's terms of reference, business ethics and corporate social responsibility within the context of daily duties. This programme enables the trainees to learn and to contribute ideas and suggestions to the IIM in the efforts and programmes conducted. The programme also offers exposure on networking within the national and international context. UNIT KORPORAT DAN PENYELARASAN

Unit Korporat dan Penyelarasian ditubuhkan pada Julai 2007 bertujuan untuk meningkatkan imej korporat institut serta memantau aktiviti pelaksanaan PIN oleh sektor-sektor di IIM, IIN, kementerian dan agensi-agensi kerajaan.

Kerjasama Dengan Media

Antara usaha terawal unit ini ialah mempromosikan dan menjenamakan IIM melalui media massa, terutamanya media vernakular. Ini bertujuan untuk memperluaskan pemahaman mengenai IIM dan PIN kepada semua rakyat Malaysia, terutamanya kepada bukan Melayu. Temu bual eksklusif dalam media cetak dan elektronik melibatkan Ahli Lembaga Pengarah dan pegawai IIM diatur untuk tujuan tersebut. Unit ini telah menjayakan beberapa siri temu ramah dalam akhbar berbahasa Cina dan juga Tamil, selain dari Bahasa Malaysia dan Inggeris untuk menyiaran berita dan rencana mengenai integriti. Beberapa siri temu bual juga diatur dengan majalah seperti *Al Islam* dan *Forward*. Selain itu, beberapa perancangan turut diatur untuk mengadakan siri bicara integriti di Radio 24 Bernama dan Radio IKIM.fm untuk ke udara seawal 2008. Rancangan televisyen turut diatur terutamanya dalam program Selamat Pagi Malaysia dan Malaysia Hari Ini serta ASTRO untuk memperluaskan lagi pemahaman mengenai integriti.

CORPORATE AND COORDINATION UNIT

The corporate and coordination unit was set up in July 2007 for the purpose of upgrading the corporate image of the institute and to keep tabs on the implementation of the NIP by the sectors in the IIM, the IINs, the ministries and government agencies.

Cooperation With the Media

Some of the earliest efforts of this unit involved the promotion and branding of the IIM via the mass media, especially the vernacular newspapers. This aim of this was to promote the understanding about IIM and the NIP among Malaysians, especially the non-Malays. Exclusive interviews in the print and electronic media involving the Board of Directors and IIM officers were arranged towards that effort. This unit successfully managed a series of interviews in the Chinese and Tamil, as well as the Bahasa Malaysia and English newspapers, aimed at disseminating news and articles on integrity. A series of interviews were also arranged with magazines such as Al-Islam and Forward. Plans were also made to air a series on integrity on Radio 24 Bernama and Radio IKIM.fm as early as 2008. Television plans were also lined up, via Selamat Pagi Malaysia, Malaysia Hari Ini and Astro, in order to spread the understanding about integrity.

(c) Pengurangan nilai aset

Nilai aset yang dibawa disemak semula pada tarikh lembaran imbangan untuk menentukan sama ada terdapat sebarang tanda-tanda pengurangan nilai. Sekiranya terdapat tanda-tanda sedemikian, amaun yang boleh diperoleh semula bagi aset berkenaan dianggarkan. Amaun yang boleh diperoleh semula merupakan amaun yang lebih tinggi di antara nilai jualan bersih aset dan nilai diguna, yang diukur berdasarkan aliran tunai yang dijangka didiskaunkan. Amaun yang boleh diperoleh semula dijangka untuk aset individu atau, sekiranya tidak boleh, untuk unit yang menghasilkan tunai yang mana aset itu digunakan.

Kerugian pengurangan nilai dicajkan terus kepada Penyata Pendapatan. Sebarang kenaikan seterusnya di dalam amaun yang boleh diperoleh semula bagi aset yang diiktirafkan sebagai keterbalikan kerugian pengurangan nilai terdahulu dan diiktirafkan setakat amaun aset dibawa yang akan ditentukan (selepas susutnilai atau pelunasan, jika berkaitan) sekiranya tiada kerugian pengurangan nilai diiktirafkan sebelum itu. Kebalikan ini diiktiraf dalam penyata pendapatan dengan serta merta.

(d) Penghutang

(f) Geran

Geran daripada kerajaan diiktiraf pada nilai saksama bilamana terdapat keyakinan munasabah bahawa geran tersebut akan diterima dan kesemua syarat yang ditetapkan telah dipatuhi.

Apabila geran dikaitkan kepada perbelanjaan, ianya dikenalpasti sebagai pendapatan pada tempoh yang diperlukan berdasarkan asas yang sistematik bagi menyesuaikan geran tersebut dengan perbelanjaan yang dijangkakan untuk dibayar.

Bagi geran berkaitan aset, nilai setara dikreditkan ke akaun pendapatan tertunda dan dimasukkan ke dalam penyata pendapatan berdasarkan jangka hayat aset berkenaan melalui amaun ansuran yang saksama.

DIRECTORS' BENEFITS

During and at the end of the financial year, no arrangement subsisted to which the Institute is a party, with the object or objects of enabling the Directors of the Institute to acquire benefits by means of the acquisition of shares or debenture of the Institute or any other body corporate.

Since the end of the previous financial year, no Director has received or become entitled to receive a benefit (other than benefit included in the aggregate amount of emoluments received or due or receivable by the Directors shown in the financial statement or the fixed salary of a full-time employee) by reason of a contract made by the Institute or a related corporation with the Director or with a firm of which the Director is a member, or with a company in which the Director has substantial financial interest in accordance with Section 169(8) Companies Act, 1965.

OTHER STATUTORY INFORMATION

Before the financial statements of the Institute were made out, the Directors took reasonable steps:-

The Directors state that:-

At the date of this report, they are not aware of any circumstances not otherwise dealt with in this report or the financial statements which would render any amount stated in the financial statements misleading.

In their opinion:-

- (a) the results of the Institute's operations during the financial year were not substantially affected by any item, transaction or event of a material and unusual nature; and
- (b) there has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely to effect substantially the results of the operations of the Institute for the financial year in which this report is made.

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(c) Impairment of assets

The carrying value of assets is reviewed at each balance sheet date to determine whether there is any indication of impairment. If such an indication exists, the assets' recoverable amount is estimated. The recoverable amount is the higher of an asset's net selling price and its value in use, which is measured by reference to the discounted future cash flows. Recoverable amount are estimated for individual assets or, if it is not possible, for the cash-generating unit to which the asset belongs.

An impairment loss is charged to the Income Statement immediately. Any subsequent increase in recoverable amount of an asset is treated as reversal of previous impairment loss and is recognised to the extent of the carrying amount of the asset that would have been determined (net of depreciation or amortisation, if applicable) had no impairment loss been recognised. The reversal is recognised in the income statement immediately.

(d) Receivables

Receivables are carried at anticipated realisable value. Bad debts are written off in the period in which they are identified. An estimate is made for doubtful debts based on review of all outstanding amounts at year end.

(e) Payables

Payables are stated at cost which is the fair value of the consideration to be paid in the future for goods and services received.

(f) Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with.

When the grant relates to an expense item, it is recognised as income over the periods necessary to match the grant on a systematic basis to the costs that it is intended to compensate. Where the grant relates to an asset, the fair value is credited to a deferred income account and is released to the income statement over the expected useful lives of the relevant asset by equal amount installment.
